

UNIVERSAL REFINEMENT TEMPLATE – CREATOR EDITION

"Chaos into structure. Structure into motion. Motion into output."

1. OBJECT

What is the thing?

Name it in one sentence. No abstraction. No metaphor.

The thing is: _____

Who is it for?

For: _____

What does it do?

It: _____

2. STATE

What exists right now?

Map the territory before you change it.

• Assets available:

• [] _____

• [] _____

• [] _____

- Constraints:

- ☐ _____

- ☐ _____

- Time available:

- ☐ _____

3. FRICTION

What blocks motion?

Be honest. Name the resistance.

The block is: _____

Is the block real or imagined?

- ☐ Real (resource, skill, dependency)
- ☐ Imagined (fear, ambiguity, perfectionism)

What is the smallest version of this block?

The smallest block is: _____

4. MOTION

What is the next executable action?

Not the plan. Not the strategy. The *next* action.

Next action: _____

How long will this take?

Timebox: _____ minutes

What does "done" look like?

Done = _____

5. REFINEMENT

What changed after execution?

This is where learning lives.

What happened: _____

What worked?

Worked: _____

What didn't?

Didn't: _____

What changes the next OBJECT?

Next OBJECT: _____
